SEAL ANNUAL REPORT 2023

Dear Friends and Supporters,

2023 was a year filled with both challenges and remarkable achievements in our shared mission. Lebanon continues to grapple with a severe food security crisis, placing immense strain on communities across the country. In response, SEAL has remained steadfast in its commitment to fostering sustainable solutions that uplift entire communities.

We are proud to report progress in key areas such as land cultivation, job creation, import substitution, and water irrigation projects. These initiatives are not just about providing immediate relief—they are about laying the foundation for long-term self-sufficiency. Every acre cultivated, every job created, and every resource secured represents a step toward a more stable future for those we serve.

None of this would have been possible without your generosity and unwavering support. Your commitment fuels our efforts and enables us to implement meaningful, life-changing programs.

We extend our deepest gratitude.

With appreciation,

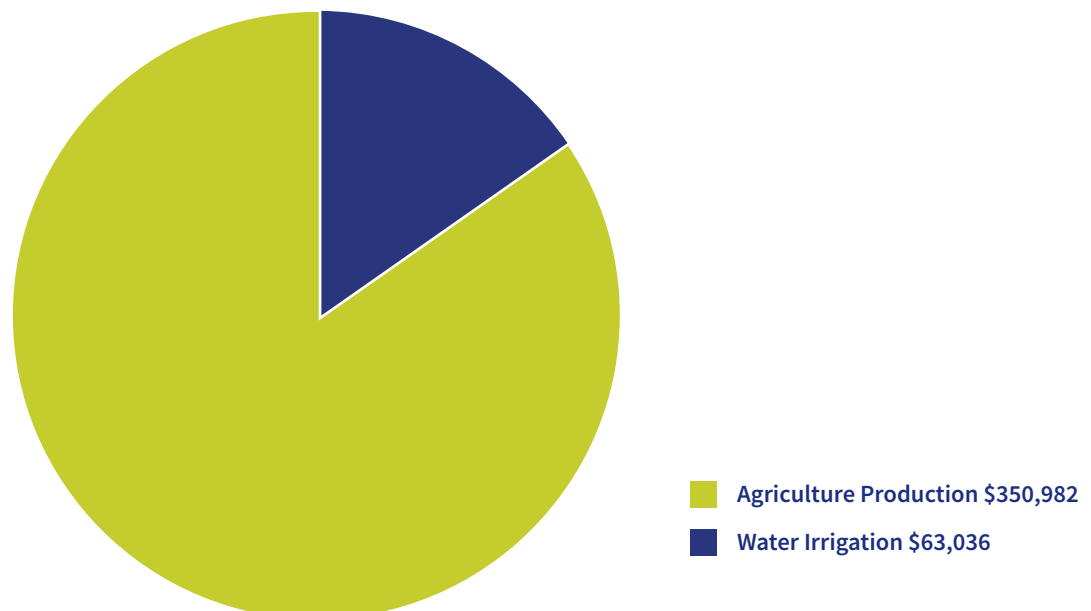

SEAL TEAM
