The highlight of our year

*SEAL's Annual Gala Dinner is a chance to bring together
our large family of supporters, as well as the greater
Lebanese-American community, and reflect on the organization's
vital impact on low-income communities in Lebanon.*

We are currently raising funds for several projects that will
unlock economic opportunities across Lebanon, which include:*

- Supporting women's cooperative businesses*
- Developing agricultural infrastructure, and*
- Nurturing Lebanese entrepreneurship*

*We hope you can be with us to celebrate
SEAL's contribution to sustainable change in some of the most
underserved communities in Lebanon.*

**SEAL's administrative and organizational costs are wholly
covered by our Board of Trustees, which means every donation
will be used to help underserved communities.*
